Raising of AT&T Technology Park Endowment Fund of the order \$160,000 or Rs. 1 Crore for empowering 100 disabled youths a year is in progress by imparting them computer skills and teaching of mobile repairing. For sponsoring a youth the amount comes to \$ 1600 or Rs. 1 Lakh.

We have since received pledges to support 50 students from the U.S.A. based well-wishers / donors. We still need 50 pledges of \$1600 or Rs. 1 Lakh each to realise the target of 100 disabled youths.

The success stories furnished in this booklet bring out the fact that the investment has been rewarded handsomely.

We earnestly appeal to all prospective donors and well-wishers to contribute \$1600 or Rs. 1 Lakh for shouldering the expenses of training one disabled youth, which actually works out as \$ 0.85 or Rs. 55 per day. Kindly join us in this noble cause.
